

ICCE 2021

VENICE

ANNOUNCEMENT

THE 18TH EUChEMs INTERNATIONAL CONFERENCE ON CHEMISTRY AND THE ENVIRONMENT

VENUE: UNIVERSITY CÀ FOSCARI OF VENICE (ITALY)

13-17 June 2021

RESERVE THE DATE ALREADY NOW AND FOLLOW WWW.ICCE2021.ORG FOR CONTINUOUS UPDATES.

The Environmental and Cultural Heritage Chemistry Division of the Italian Chemical Society and the University Ca' Foscari of Venice will organize the 18th ICCE Conference 2021 in Venice (Italy), a biennial conference under the auspice of the Division of Chemistry and the Environment (DCE) of the European Association of Chemical and Molecular Sciences (EuCheMS).

ICCE 2021 addresses scientists in academia, industry and in governmental institutions alike. The conference will provide a unique and inspiring information and communication platform for environmental scientists and a forum of professional exchange with collaborators and colleagues in analytical chemistry, toxicology, microbiology, geosciences and other related disciplines.

Topics

Conference topics will include analysis and modelling of **environmental contaminants**, impacts of **climate change** on local-to-global circulation of chemicals, **nano-size** particulate materials and **microplastics** in the environment, **atmospheric pollution** (indoor – outdoor), environmental **risk assessment**, role of chemistry in the **circular economy**, **emerging contaminants**, **Mediterranean pollution**, innovations in **water and wastewater treatment**, **biotransformation** of organic pollutants, **green chemistry**, **LCA** and **environmental sustainability**, **university education** in environmental chemistry, and many other important aspects. Further information will be provided on the conference web page: www.icce2021.org

Conference Chair:

Prof. Antonio Marcomini,
University Ca' Foscari of Venice, Venice, Italy
